The Raven. (Dated up from Poe.)

ONCE upon a midnight dreary,
As I pondered, weak and weary,
Over several quaint old volumes, out of print some years ago,
Suddenly I heard a rasping—
'Twas the Raven, firmly grasping
In a greedy grip of iron all my store of hard-earned dough.
Ah, how quickly he berft me: not a single cent he left me,
Then he gaily flapped his wings and perched above my chamber door,
Saying, with a bitter sneer, "I'll wait here till you get some more!"

The New Permanent Cure for Corpulency.

SOME PLAIN FACTS.

The Problem Solved.

Stout persons who have for years been vainly seeking some means of permanently reducing weight, and who have undergone all sorts of privations in the way of restricted and disagreeable dietary, as well as exhausting physical exercises, hot baths, drugging, and purging, will welcome "Antipon" as something providential; for this wonderful specific solves the problem of the radical cure of obesity once and for all.

What "Antipon" is like.

"Antipon" is the result of a new discovery, or, rather, of a combination of discoveries. It is an entirely harmless liquid, pleasant to the palate, containing no mercury or any other mineral substance, in appearance like a light red wine, and is taken in small doses at stated times. It has no purgative effect, nor does it cause the slightest discomfort or nausea. On the contrary, it is refreshing and thirst-quenching, and an excellent tonic drink mixed with a mineral water. "Antipon" can be had of chemists, price 2s. 6d. and 4s. 6d. per bottle, from stock or on order, or, should any difficulty arise, may be obtained (on sending cash remittance) post free, under private package, direct from the sole manufacturers, the "Antipon" Company, 13, Buckingham Street, Strand, London, W.C.

Its Effects on Fat Deposits.

Excessive and persistent obesity is a disease, and a dangerous one. Masses of fat form round the vital organs and interfere seriously with their naturally healthy action. "Antipon" gradually but surely destroys these unwholesome fatty deposits, dissolves them and banishes them from the system. It eliminates the root-evil, and the fat does not form again. These accumulations of fatty matter are sometimes enormous, and when "Antipon" throws them out of the system, the beneficent effect upon the general health is positively magical.

General Reductive Results.

"Antipon" is equally effective in the destruction and elimination of the subcutaneous fat that renders the personal appearance so uncomely. Not only does the waist measurement become normal, but the unnecessary fat over the entire body surface disappears: the double chin, the flabby cheeks, the bulky neck, the "podgy" limbs—all become healthily normal again, the whole body symmetrical and elegant.

Rate of Decrease.

"Antipon" the most potent of fat absorbents, is so prompt in asserting its reductive power that there is a calculable difference in weight within a day and a night of taking the first dose—from 8 oz. to 3 lbs. in ordinary cases, as much as 4 lbs. in exceptional developments of the disease. There is thereafter a steady diurnal decrease until the attainment of proper weight and graceful proportions, when the doses should cease.

No Change of Diet Necessary.

"Antipon" is a treatment in itself, and dispenses with drastic rules as to food and drink. Common prudence is the only auxiliary required, as every common-sense person will realise. The semi-starvation dietary prescribed by many methods is altogether opposed to the treatment of "Antipon," whose tonic effects are such that appetite is rendered keener, and a greater amount of food is required.

Tonic Effects of "Antipon."

Not only is a healthy appetite promoted, but the whole digestive apparatus is toned up and strengthened; assimilation and nutrition are wonderfully assisted with marvellous effect upon muscle, nerve, and brain. "Antipon" prevents a sluggish circulation by keeping the blood in a normal and healthy condition, so that the waste in the system is properly eliminated instead of being deposited by the blood on the tissues.

Physicians' Approval.

The ingredients of "Antipon" having been separately investigated by several doctors, have received their warmest approval, and the opportunities they have had of testing its practical results have confirmed their opinion to the full.

Conclusion. Such, then, is "Antipon," the greatest of known specifics for the permanent cure of corpulence. A course of "Antipon" is like a draught of some elixir of life; for not only is the subject unburdened of superfluous fat, but he (or she) feels a new being, increased in strength and vitality, full of energy, and capable of enjoying the good things of life once more.

WHAT THE PRESS SAYS ABOUT "ANTIPON."

"Antipon" not only speedily absorbs and throws out of the system all superabundant adipose matter, but increases strength and vitality."—*Illustrated London News*.

"Antipon" will prove a lasting blessing to thousands."—*Lady's Realm*.

"Readers troubled with *embonpoint* will find in 'Antipon' a reliable and permanent cure, exceedingly pleasant to take, and being a powerful fat absorbent, it dissolves and eliminates from the body all superfluous adipose, both the internal fat and the subcutaneous. It also forms a strength-giving tonic, improves the appetite, assists digestion, and tones up the whole system, without the sufferer incurring any distressing restrictions as to diet, exercise, etc."—*Weldon's Lady's Journal*.

"Antipon" may be counted upon to take off within the first day and night an amount of superfluous fat ranging from 8 oz. to 3 lbs., and the reductive action continues until the desired symmetry of form and figure is reached."—*Methodist Recorder*.

"Antipon" increases muscular strength and helps to revitalise the nervous system."—*Penny Illustrated Paper*.

"Antipon" is now among the great remedies of the age. It is pleasant to the taste, purely vegetable, and absolutely harmless."—*Eastern Morning News*.

VITADATIO,

*The Great Australian Remedy, is the
Greatest Miracle-Worker of
the Present Century.*

**VITADATIO CURES ALL DISEASES ARISING
FROM AN IMPURE STATE OF THE BLOOD.**

A LEGACY FROM TYPHOID FEVER.

RUNNING SORES IN LEG FOR EIGHT YEARS

CURED BY

VITADATIO.

MR. S. A. PALMER.

Epsom, Auckland.

DEAR SIR,—It gives me the greatest of pleasure to know that you are about to bring your medicine, VITADATIO, before the public and my friends in the old country. I am sure they will thank and even bless you from their hearts for the good you will be doing, as I, for one out of many thousands, can prove. When you get to Plymouth you can show my friends what I say; also at Liskeard and Bodmin (the place of my birth) especially, where they all know me. I had the misfortune to contract Typhoid Fever, which caused other serious complaints, and I was laid up twelve months. When I was able to get about the disease went into my right leg, and it was swollen very much. Inside of twelve months it all broke out into one mass of sores. I called in my doctor, and he told me he could do nothing, as I would have a bad leg the rest of my life. Not being satisfied, I saw four other doctors, and they all told me about the same thing. I gave up hopes of doing any more work, but being advised by my friends to try other medicines, I did so, which cost me about £40, and I never received any benefit whatever from them. I then tried a newly advertised remedy, but after taking a large course of it I was no better. I then thought the doctors were right, so I gave up trying any more. I was suffering for about eight years, when one Saturday night I went to the city of Auckland, and was looking at the shop windows, when I saw a lot of strange looking bottles in a window, with a frame of testimonials from different people. I said to my daughter, another lot of quackery, when your agent, Mr. Ibbotson, said to me I was mistaken, and after a little conversation with him he advised me to try it, which I am thankful to him that I did. After taking ten bottles I saw a great change in my leg, which made me persevere with the medicine until I had taken thirty-six bottles. Now I can truly say my leg is well, for I can run, skip, and jump; and I am better in health than ever I was in my life. I never weighed more than 10st. 10lb., but now I am 12st. 2lb., and never feel tired or out of sorts. If anyone doubts my statements they can write to me, or to a dozen other people who can testify to my cure. I may add that I am doing all that lies in my power for others to try VITADATIO for the suffering community. Wishing you a pleasant voyage to the dear old country, I remain, yours truly, T. H. ROWE, Blacksmith,

Auckland, New Zealand.

ANOTHER VERY MARVELLOUS CURE.

THOSE GETTING UP IN YEARS TAKE HEART.

Newmarket, Melbourne, Victoria.

DEAR SIR,—It is with great pleasure I testify to the inestimable value of THE GREAT REMEDY, VITADATIO. For the last four years I have been treated by doctors—the number of which I really could not tell—for a DISEASED LEG, which the medical profession termed a RUNNING ULCER, and none of them could cure me. What with medicines and professional attendance during all those years, I spent a good sum of money, for it was my practice to try all remedies I thought likely to do me good. Having heard of VITADATIO, I thought I would give it a trial, and, to my astonishment, I soon discovered that VITADATIO had found the weak spot, and after taking six large bottles I found out it was going to work a miracle on me. I continued taking it, and now, AT SIXTY-NINE YEARS OF AGE, I feel myself to be quite a new man. My cure is well known to all who live in the neighbourhood, and many of my friends called to see me. I give this testimonial of my own free will, to show the great power of VITADATIO, and also for the benefit of others who may suffer as I have.

Yours faithfully, R. B. CULLEN.

A Poor Memory

Is a hindrance to a man's success in life. Whatever your position in life may be you cannot but benefit by improving your memory. Memory is the foundation of all brain work; thus, the better the memory, the better the brain work.

A faulty memory can only be improved by development; mnemonic "aids" are quite useless. No matter how good or how bad a memory you may have you can develop it by proper training, just as you can develop strength by proper exercise.

Pelman's System of Memory Training

makes a bad memory good and a good one better. It is a sound practical system which aims at development upon *natural* lines. Proved in thousands of cases to be of immense benefit to students, candidates for exams, etc. Every business man should investigate the **Pelman System**. The Course of Lessons can be learned perfectly by Postal Tuition, and is given in English, French, German, Russian, and Dutch. *Distance* no hindrance. *Write to-day for a free copy of Mr. Pelman's booklet, with full particulars and testimonials, post free from THE SECRETARY.*

PERSONAL MAGNETISM

This little book deals with the most interesting and important subject in the world—the influence of the mind upon human life, health, and affairs.

How to use the mind power, or mental magnetism, to attract friendship and success, to break up depressing conditions and influences, to hypnotise, to maintain health, to kill fear and nervousness, to develop a strong, magnetic, attractive personality—these things are what investigators have been lately working upon.

In the free book above mentioned they tell you of their fascinating work and how you can reap the benefit of it. This little book is a brilliant suggestion to those who are groping in the dark for something practical and tangible in occultism.

Thousands of people have been delighted with the work of these men. Glowing testimonials come in with every day's mail. Are you going to let this valuable opportunity pass? THE TRAGEDY IN BELGRADE.

The assassination of the Servian King and Queen resulted from the mistake made by Alexander in choosing as his wife the unfortunate Draga Maschine. The above is the portrait of the charming Princess Lily Mirko of Montenegro, who at one time was talked of as likely to marry King Alexander. She was born a Constantinovitch, and is a member of the Obrenovitch family.
